Dear Mr. Jackson,

Thank you for submitting a credit application to us. After a careful review, we are prepared to offer your company an open account under the following terms and conditions.

For the time being, we will extend credit on an order by-order basis for up to \$2000.00. Under this program, the net terms will be 30 days. However, if you require additional services we will require a payment sufficient to bring the total dollar exposure to \$2000.00 or less.

If the future, as conditions change and as our experience with you grows, we will happy to consider making our credit terms more liberal.

We look forward to being of service to you.

Sincerely,

Muhammad Anees
